"You are me and I am you, we are one and we are all together..."

{Told to me by the Great Guru Shara when I served as one of her interns from the Alexandra Mystery School Home Study Course...}

MOMMA TOLD ME NOT TO COME

There is no question that I am to blame but I did ask her to walk about the temple gardens and meditate with me on the cruel joke played on us by our evil Reptilian Overlords with the creation of time and mixed but stirred it into our DNA as a marker that triggered aging and death regardless of our original freedom from the plight of limiting our life spans with an even crueler countdown towards our irreversible appointment with dead; I did ask and from our first steps, it became obvious that she had not attend to

meditate or (for that matter) to keep on the agreed topic of time as she launch off into a heated (one-side) debate over the evilness of the late, great MAGA King.

Having been absent during those formative years as I followed the Hobo Trails and dedicated myself to prepare for the coming of Ahriman and the creation of his great new social reset as a card-carrying member of the Jesuits of Truth Brotherhood Local #433; I only had a passing interest in this diversion of talking point(s) for our walk-N-talk.

MOMMA TOLD ME NOT TO COME

As you might suspect, this did not come across well and she responded by doubling down that since I had been born in America (regardless of how much time I spent elsewhere) and I was of a certain semi-pale complexation then, I too must be evil, racist and she went as far as to imply that I had a secret desire to park in handclap parking spaces regardless of the fact that I didn't even own a vehicle.

Half-way over the garden's fountain, I decide to take my fate in my own hands as I politely informed her that I needed to use

the temple's old fashion restroom facilities and took off at nearly a record-breaking, brisk pace towards the nearest exit as I tried to determine if I had enough money to secure a Tuk-Tuk rather than my usual mode of transportation on a 3rd-class (non air conditioned) city bus that ran from the temple entrance.

The Tuk-Tuk cautiously asked "Where to?" and I yelled out "Just start driving."

To this day, I feel rotten but, my mortal soul was at risk and I did what any sane person would do when cornered by a Gender Studies Major from Stanford U.

MOMMA TOLD ME NOT TO COME

I have often wondered how long she waited for my return and how long it was before she had cornered her next argument victim?

OK! Say what you want about my anti-social, very non-Wookie behavior.

It's is still a kind of free country especially if you are willing to take the direct hit to your social credit score – which I was and of which I am.

When the conversation spirals down into accusing me of plotting to deprive handicap people of parking spaces; I do believe that it was a direct threat to my very soul.
